DAVID GARCÍA MORILLO

Sevilla, Spain

◯ ⋄ **in** ⋄ 🌐

EDUCATION

University of Seville   *September 2018 - Present*
Bachelor on Computer Science Engineering
Mention on *Information Systems*

Johannes Kepler University   *September 2020 - July 2021*
Erasmus Program
On Artificial Intelligence and Computer Science

TECHNICAL STRENGTHS

Computer Languages
   ***Fluent*:**   Python, Java, JS/TS
   ***Previous Experience*:**   Rust, C#, Dart, C/C++, Scala, SQL

Machine Learning & Data Analysis
   ***Fluent*:**   Numpy, Pandas, Matplotlib, Seaborn, Sklearn
   ***Previous Experience*:**   Keras, Tensorflow, PyTorch

Backend & Cloud Development
   ***Fluent*:**   Firebase (Firestore, Auth, Storage), MySQL, Node.js
   ***Previous Experience*:**   Spring, Flask, Actix-Web, NoSQL (MongoDB, Neo4j)

INTERNSHIPS

University of Seville   May 2019 - July 2019
Intern Student   *LSI Department*

· Participated in a Data Analysis project with the Languages and IT systems department.

Badger Maps   October 2021 - Present
Software Engineer

CERTIFICATIONS

Oracle Certified Professional: Java SE 11 Developer   April 2021
Nº of certification 281931119OCPJSE11-J - 82/100

PROJECTS

Grouping By   Rust library

Developer of an Open-Source library with more than 1000 downloads, to allow the developer to group
their iterators easily. It is being used in production already by a project.

Wastood   Mobile Application

· Co-developer of Wastood, a mobile app which tries to minimize food waste in the city, via communi-
cating people with a platform in which we allow the people to share the food they want to give away.
Providing the users a platform to meet their necessities.
